## *Shop History*

The Chop Shop is owned by me, Bill Atkinson. I was born and raised in Butler and have never been in any other profession than foodservice. I began in this field when I was 16 and worked my way from dishwasher to executive chef.

I attended culinary school at Penn College of Technology in Williamsport, PA. After I graduated, I decided I wanted to own my own restaurant by the time I turned 30. I came back, quickly worked my way up through casual fine dining restaurants in Pittsburgh. After a three year stint at the Treesdale Country Club, I decided now was the time to get the ball rolling on my goal to open my own restaurant. I also decided that my restaurant should go on Main Street in downtown Butler to bring something to my home town that was new. Something that had some personality like the small places you find in Oakland or the South Side.

I bought this building in December 2010. I was able to design the 1<sup>st</sup> floor on my own. Myself, family and friends became contractors and started building everything. I wanted to show people that with some creativity, a lot of hard work, and some great relationships, downtown was a great place to be.

I would meet my goal, open up before I turned 30, and also better my home town. That's the philosophy we try to carry through with everything at the shop. Here you will get the best food in Butler, made in our open kitchen, where you can see what's happening. We do not even own a microwave! No short cuts here, just the best food in the county.

Everyone here at the Chop Shop shares in the "Be Local" mentality. We are as local as it gets. I was born and raised in Butler, went to Connoquenessing Elementary School and graduated from Butler Senior High. I wanted to see our Main Street revitalized. I like to think we were one of the sparks to the progress you are now seeing today. Almost the entire staff lives within Butler's City limits. We use fresh products from our local farmers every chance we get. We also give back to the community every year through donations of product, gift cards, and time.

By choosing the Chop Shop, you are also helping to support your local community and economy. And we really appreciate that. But don't worry, there's something in it for you too. Here you will get the freshest, most flavorful, and creative food you can get in the area.

**Don't be Bland!**
